 PLAYERS.
 THY COMFORTING LOVE.
 TILL I RETURN.
 TO AN ARMY WIFE.
 TOO BEAUTIFUL TO BE
 TRUE.
 TREAT ME RIGHT, BABY.
 TREXIE AND YOU.
 TRUSTING IN YOU.
 WAITING.
 WAITING LOVE.
 WALKING MAN.
 WANT MY DADDY FOR
 CHRISTMAS.
 WAS IT WRONG.
 WATCH OVER ME.
 WAVE OF YOUR HAND.
 WE MISS YOU.
 WE'RE NOT TOGETHER.
 WHAT ARE WE FIGHTING
 FOR.
 WHAT MAKES LULA DO THE
 HULA.
 WHEN I COME HOME TO
 YOU.
 WHEN I'M LONELY.
 WHEN THE MAPLE LEAVES
 ARE FALLING.
 WHEN YOU FEATHER YOUR
 NEST.
 WHERE CHILDREN CAN
 PLAY.
 WHOSE BABY.
 WHY.
 WHY DID MOMMY GO AWAY.
 WHY DID YOU LET ME
 DREAM.
 WIDDER SPRIGGIN'S DAUGH-
 TER.
 WILLYA OR WON'TYA.
 WINGS ON DE FEETS.
 WINTER NIGHT.
 WISH IT WERE YOU.
 WISH ON MY RING.
 WOMAN WITHOUT A MAN.
 WON'T YOU MARRY ME.
 YESTERDAY'S MEMORY.
 YOU ARE THERE.
 YOU BROKE MY HEART.
 YOU DONE ME WRONG.
 YOU LAUGHED WHEN I
 CRIED.
 YOU NO LONGER LOVE ME.
 YOU PRAYED EACH DAY.

YOU SAID WE WOULD BE
 HAPPY.
 YOU WON'T BE SORRY.
 YOU'LL ALWAYS BE AN
 ANGEL.
 YOUR CONSTANT LOVE.
 YOUR FRIENDSHIP.
 YOUR PLAYING HEART.
 YOU'RE FALLING IN LOVE
 WITH ME.
 YOU'RE THE WORLD TO ME.

Preface

The CATALOG OF COPYRIGHT ENTRIES is published by authority of sections 210 and 211 of Title 17 of the *United States Code*. Section 210 provides in part: "The current catalog of copyright entries and the index volumes herein provided for shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The *Catalog* is subdivided to represent the classes of material listed in section 5 of said Title 17. The table at the end of this preface shows the organization of the *Catalog*, the symbols used with the registration numbers to distinguish the classes, and the prices of the semiannual issues. The annual subscription for each part is twice the price of a single issue and the complete catalog, including all parts, may be secured on a subscription basis for \$20 a year.

The record of each copyright registration listed in the *Catalog* includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant, as given in the application for registration, the copyright date, the copyright registration number, etc.) Available information in the records of the Copyright Office, including information relating to subsequent changes of ownership, can be obtained upon request and upon payment to the Register of Copyrights of the fee specified in section 215 of said Title 17 (\$3 for each hour of time consumed) for the conduct of a search of the records.

In the case of each registration listed, except for renewals, the deposit of a copy (or copies) of the

work has been made in accordance with the provisions contained in sections 12, 13, or 215 of said Title 17, or, in the case of published three-dimensional works of art, there has been compliance with section 202.8 (b) (3) of the regulations of the Copyright Office published in the *Code of Federal Regulations*, 1949 edition, which provides for the deposit of identifying reproductions in lieu of the work itself. Foreign works, two copies of which were deposited with a catalog card and application for registration under the waiver-of-fee provision in section 215 of Title 17 of the *United States Code*, are indicated by a zero immediately following the alphabetical symbol in the registration number.

For a more complete description of the contents of this issue of the *Catalog* see p. vii.

Orders, payable in advance, for all parts of the *Catalog of Copyright Entries* should be sent directly to the Register of Copyrights, Library of Congress, Washington 25, D. C. Orders may be placed for individual issues, as subscriptions for one or more parts, or for the complete *Catalog*, and for periods of one or more years. All orders should state clearly the title and the inclusive dates of the part wanted. Checks or money orders should be made payable to the Register of Copyrights.

The Copyright Office welcomes inquiries, suggestions and comments on the content and organization of the *Catalog*. Such communications should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.

Table of Organization

Each part listed in the table records all current registrations in the class or classes indicated by the alphabetical symbols given. In each case the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for purposes of statistical analysis. A zero immediately following the symbol (e. g., AF0, EF0) distinguishes a foreign work deposited under the waiver-of-fee provision. The symbol R does not represent a class designated by the copyright law, but has been adopted by the Copyright Office to distinguish renewal copyright registrations. These are recorded in a separate section of those parts of the *Catalog* which cover the classes in which the works were originally registered with the exception of music. Some parts also contain registrations made under other symbols if the subject matter or type of material is similar to that generally included in the part.

INTRODUCTION

PART 5B lists unpublished music currently registered in Class E. It is made up of two sections, the first of which lists the registrations and is arranged alphabetically under title. Each registration is described in a main entry which also includes pertinent information relating to the copyright claim. Interfiled with these are references to them from variant titles, and from the titles of the works from which excerpts are taken. The second section is an alphabetical index to the names of composers, authors of words, claimants, etc. given in the main entries. Reference is made in each case to the title under which the main entry is to be found, and if the name is that of the copyright claimant, the copyright symbol follows the title.

Each main entry includes, in addition to the title under which it is filed, the following items of information as available and applicable:

- 1) Title. If the piece is an excerpt, the title of the work from which it is taken is also given.
- 2) Names of the authors, each preceded by an abbreviation indicating relationship to the work; e. g., "w" (words by), "m" (music by), "arr" (arranged by), etc.
- 3) Name of the employer in case of a work made for hire, if so named in the application, together with the names of the employees.
- 4) Copyright symbol ©.
- 5) A brief statement of new matter on which

copyright is claimed when this information is given in the application.

- 6) Name of the copyright claimant.
- 7) Date on which the last of all the items required to complete registration (i. e., each of the following: copy, application, and fee) was received in the Copyright Office.
- 8) Registration number.
- 9) Information contained in the application which relates to an earlier version of the work.

When the authors and claimants are the same, data about authorship and copyright claim are combined in one statement to avoid repetition.

Illustrative examples of typical entries are given below.
